

CYLINDER ICE MAKER, MODULAR & STACKABLE IM-240XNE-C

Product series: IM

Item number: E1CK-D006

This stackable modular cylinder ice maker is part of a unique range of cubers; designed with hygiene as a priority. Each ice cycle is made with fresh water, ensuring only the highest quality of ice. Cylinder ice is mostly used in soft drinks and tube glasses to maximize the turnover. This model is configured with our storage bins, and can be stacked to multiply the ice production.
